

XPeng Announces Vehicle Delivery Results for February 2021

March 1, 2021

- 2,223 vehicles delivered in February 2021
- January and February 2021 combined deliveries recorded 577% increase year-over-year
- Cumulative P7 deliveries reached 20,181

GUANGZHOU, China--(BUSINESS WIRE)-- XPeng Inc. ("XPeng" or the "Company", NYSE: XPEV), a leading Chinese smart electric vehicle ("Smart EV") company, today announced its vehicle delivery results for February 2021.

XPeng delivered a total of 2,223 Smart EVs in February 2021, consisting of 1,409 P7s, the Company's smart sports sedan, and 814 G3s, its smart compact SUV. Vehicle deliveries in January and February 2021 combined represented a 577% increase year-over-year. Cumulative P7 deliveries reached 20,181 since its launch in the second quarter 2020.

February deliveries reflect the anticipated seasonal decline in deliveries due to the slowdown in the week-long Chinese New Year holiday. The Company is witnessing robust customer demand as sales and delivery activities resumed after the holiday.

About Xpeng

Xpeng is a leading Chinese smart electric vehicle company that designs, develops, manufactures, and markets Smart EVs that appeal to the large and growing base of technology-savvy middle-class consumers in China. Its mission is to drive Smart EV transformation with technology and data, shaping the mobility experience of the future. In order to optimize its customers' mobility experience, Xpeng develops in-house its full-stack autonomous driving technology and in-car intelligent operating system, as well as core vehicle systems including powertrain and the electrification/electronic architecture. Xpeng is headquartered in Guangzhou, China, with offices in Beijing, Shanghai, Silicon Valley and San Diego. The Company's Smart EVs are manufactured at plants in Zhaoqing and Zhengzhou, located in Guangdong and Henan provinces, respectively. For more information, please visit <https://en.xiaopeng.com>.

Safe Harbor Statement

This announcement contains forward-looking statements. These statements are made under the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as "will," "expects," "anticipates," "future," "intends," "plans," "believes," "estimates" and similar statements. Statements that are not historical facts, including statements about Xpeng's beliefs and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties. A number of factors could cause actual results to differ materially from those contained in any forward-looking statement, including but not limited to the following: Xpeng's goal and strategies; Xpeng's expansion plans; Xpeng's future business development, financial condition and results of operations; the trends in, and size of, China's EV market; Xpeng's expectations regarding demand for, and market acceptance of, its products and services; Xpeng's expectations regarding its relationships with customers, contract manufacturer, suppliers, third-party service providers, strategic partners and other stakeholders; general economic and business conditions; and assumptions underlying or related to any of the foregoing. Further information regarding these and other risks is included in Xpeng's filings with the SEC. All information provided in this press release is as of the date of this press release, and Xpeng does not undertake any obligation to update any forward-looking statement, except as required under applicable law.
