

XPeng Publishes Inaugural Environmental, Social and Governance Report

October 14, 2021

“AA” MSCI ESG Rating Tops Global Auto Peers

GUANGZHOU, China--(BUSINESS WIRE)-- XPeng Inc. (“XPeng” or the “Company”, NYSE: XPEV and HKEX: 9868), a leading Chinese smart electric vehicle (“Smart EV”) company, today announced the release of its inaugural Environmental, Social and Governance Report (the “ESG Report”), detailing the Company’s strategy and outstanding achievements in ESG performance.

This press release features multimedia. View the full release here: <https://www.businesswire.com/news/home/20211014006164/en/>

As part of its commitment to ESG, XPeng has curated an innovative core concept of X-SEG (Smart, Efficient and Green) that guides the establishment and operations of its factories and underpins all major aspects of the Company’s business operations, from supply chain management and green manufacturing, to product safety management, eco-friendly operations and governance.

The Company’s leadership in ESG is recognized globally. For the second consecutive year, in 2021 XPeng received an “AA” rating from MSCI ESG Research, the highest MSCI ESG rating among automobile companies worldwide. Notably, MSCI ESG Research scored XPeng 10 and 9.1 in the categories of Product Carbon Footprint and the Opportunities in Clean Tech, two of the key areas that contributed to the ESG ratings. This compares with industry averages in the same categories of 7 and 5.5. Furthermore, as part of their scoring review, MSCI ESG Research highlighted XPeng’s financial and personnel commitment to advancing technology as a key driver in the Company’s ability to deliver long-term

sustainability-focused innovation.

XPeng is one of the pioneers working to make Smart EVs accessible to the masses. “Adherence to exemplary ESG standards in operations is integral to our core values and culture, impacting every decision we make,” said He Xiaopeng, Chairman & CEO of XPeng. “As a leader in the Smart EV industry and global corporate citizen, we take seriously our responsibility in leading the way by modelling outstanding, integrated practices in ESG. Through our efforts we aim to be a positive force in the development of future mobility and the betterment of societies around the world.”

Additional achievements highlighted in the ESG Report include:

- Significant progress on recycling and reducing emissions with innovative technologies
 - Compared with internal combustion engine vehicles, XPeng’s Smart EVs delivered in 2020 reduced emissions by approximately 5,520 tons of CO₂
 - As of May 2021, XPeng achieved 100% recycling and reuse rate of recyclable solid waste
 - As of March 31, 2021, XPeng had 759 patents and 504 registered trademarks in China and other jurisdictions
- Record level safety performance with superior product quality and technology
 - XPeng P7 became the first to receive the 5-Star rating from the Chinese i-VISTA intelligent vehicle testing platform
 - XPeng G3 and P7 received 5-Star rating with scores of 92.2% and 89.4% respectively in the C-NCAP Crash and Safety Test
 - In 2020, XPeng reported no work-related fatalities or lost time due to work-place injuries
- Continued commitment to fostering an open and inclusive culture to attract and retain talents
- Contribution to disaster relief, poverty alleviation and subsidy of agriculture
- Sound governance structure and protocols to ensure compliance at all levels of the Company
