XPeng delivered 16,000 Smart EVs in December 2021, exceeding the monthly delivery benchmark of 15,000 units for the second consecutive month despite ongoing global supply chain challenges. The December deliveries represented a 181% increase year-over-year, demonstrating the Company's solid business momentum and execution capability.

Deliveries in December 2021 consisted of 7,459 P7 smart sports sedans, 5,030 P5 smart family sedans and 3,511 G3 and G3i smart SUVs, representing a 102% and 75% year-over-year increase, respectively, for the P7 and G3 series, and a 134% month-over-month increase for the P5, which ramped up steadily with a solid order backlog.

Total deliveries for the fourth quarter 2021 reached 41,751 units, a 222% increase year-over-year, including 21,342 P7 deliveries.

Total vehicle deliveries for the year ended December 31, 2021, reached 98,155, representing a 263% increase

size of, China's EV market; XPeng's expectations regarding demand for, and market acceptance of, its products and services; XPeng's expectations regarding its relationships with customers, contract manufacturers, suppliers, third-party service providers, strategic partners and other stakeholders; general economic and business conditions; and assumptions underlying or related to any of the foregoing. Further information regarding these and other risks is included in XPeng's filings with the SEC.
